Subject: *Urgent & Important* - Your Team got shortlisted for Smart India Hackathon 2022
To:

Dear Team Leader,

Greetings from the Ministry of Education's Innovation Cell (MIC) and the All India Council for Technical Education (AICTE).

Congratulations for being "SHORTLISTED" for the Grand Finale of Smart India Hackathon 2022. The results can be checked on the website (https://sih.gov.in/) also and to confirm your participation you need to follow some basic steps to mark your interest/consent over your dashboard:

1. Login to your dashboard.
2. You will find a consent section at your homepage.
3. Click on the consent checkbox and click on Submit button to submit the data.
4. Once you submit the consent, you will get the acknowledgement message.

Note:

- The above steps are compulsory to mark your interest/consent, failing to do so **before 1st July 2022** will lead to disqualification.
- Hardware based PS/teams will be called for one more round of evaluation where they need to provide a video demonstration/simulation of the prototype. A separate email will be received with detailed instructions soon.
- Teams that are selected for multiple PS will be given the option to select only 1 PS for grand finale and that functionality will be provided tentatively by 27th June 2022 over to your dashboard.

The tentative dates for this hackathon are in 4th week of August 2022, thus you are requested to kindly start working on your prototype/Idea in the meantime. You will be notified with your nodal centre details in due course of time. Thus do check the website regularly for updates.

For any queries, feel free to contact our implementation team: **(For College SPOC only, Team can contact their SPOC first and then they can ping the SIH Team)**
